I would appreciate being considered for the position of Chair – Assessment Review Board.

To the best of my knowledge, there have been only two Sturgeon County ARB hearings during the past two years. I served as a panel member on one and as chair on the other.

During my professional career as CEO of both The Alberta Teachers' Association and the Canadian Teachers' Federation, I chaired many committees and board meetings.

I have also had considerable experience in this during my role as a Rotary club president and subsequently as a district governor of Rotary District 5370.

I am a skilled parliamentarian and would be honored to serve Sturgeon County in this capacity.

Thank you for your consideration.
