

Regular Council Meeting:

April 25, 2017

**Motion following Notice of Motion:**

Dust control on RR 232 from Twp 572 to Hwy 651 to be provided and paid for by the County to be funded from Transportation Reserves.

**Background:**

On April 11, 2017, Councillor Tighe served the above Notice of Motion to be presented for debate and vote at the April 25, 2017 regular Council Meeting.

With the reconstruction of RR 233 from Twp 572 to Twp 573 this will by default become the route most travelled by local and region commuters. There are approximately 6 residents along this 2-mile stretch. I believe it would be in the best interest of the County to provide dust control to these residents given the increased traffic. This practice has happened in other areas of the County historically where various events have impacted residents in the short term.
