

County Policy

Policy Number: TRA-DUS-1

Dust Control

Approved: 10/01/12

Resolution Number: 022/10

County Commissioner: 

Policy Statement:

Sturgeon County may provide dust control in front of residences according to the following:

Cost of Calcium /100m

as per Fees and Charges Schedule

In the event the residence is located along a heavy use haul route, the responsible party(s) will be required to provide dust control.

A maximum of 100 metres of dust control per resident will be supplied at the subsidized rate. This area shall continue from year to year with no extensions at the subsidized rate.

All requests for dust control beyond the basic 100 meter application will be on a total cost recovery basis for materials used and to a maximum of an extra 100 meters.

Definitions:

1. **Dust Control** is the application of calcium chloride.
2. **Heavy Use** refers to tandem axle or larger commercially owned vehicles that pass a location four or more times per hour for more than two consecutive days.
