

Proposed Bylaw N0. 1441/19, Rezone PT. NE 19-55-26-W4M From AG to DC, June 17, 2019

To Whom it May Concern,

These are our concerns in regards to the rezone for PT. NE 19-55-26-W4M

We are direct property owners to the proposed rezone property

Our first concern is that we moved to our property to enjoy the peace and quiet of country living. I believe that a fleet of school buses starting early mornings and and travelling all day will eliminate this and also create a lot of unnecessary dust.

A second concern would be losing our beautiful country scenery as we would have to look out our windows to a fleet of school buses.

Our third and very important concern would be the significant property value decrease. Having a large commercial business next door would not only severely reduce our property value but also make it very difficult for resale. We would not have purchased this property if this was approved prior.

Thank you,

Ron and Vanessa Plamondon
