<b>Report</b>	<p><u>Background Information</u></p> <ul style="list-style-type: none"> <li>During the CNAM (Canadian Network of Asset Managers) Conference, it was brought forward that there was a grant opportunity that FCM would be administering, to help municipalities progress with their Asset Management Program.</li> <li>As part of the grant application, a readiness scale was required as a means for organizations to understand where they are in their asset management journey, and also a standardized approach for FCM to understand where applicants are.</li> <li>In reviewing the readiness scale and grant application, it is important to understand that municipalities should strive towards being in the third or fourth scale of the readiness scale to say they have a successful asset management program.</li> <li>The intent of the grant is to move the municipality up one grade, in one competency.</li> <li>Administration completed SRIS (Sustainable Roads Improvements Strategy) in 2017. Having a third party conduct a road condition analysis on sub-class of roads would allow for Administration to prioritize maintenance treatments in conjunction with capital priorities.</li> </ul> <p><u>External Communication</u></p> <ul style="list-style-type: none"> <li>None.</li> </ul>
